| | | Repair DH402897 430 West Rose Tree Rd Media Date of service 1/7/22 Technician John Simons Arrived on site to find no alarm but run dry indicated on panel trouble code. Performed meter test and found shorts to ground. Removed Station Lane and opened the EQD connection and found water poured out due to supply cable side cable grip being loose and the dry access flooding at some point previously. Performed Meg test on supply cable and it passed replaced both inserts and supply cable side housing. Removed DH402897 from Station and inspected the switches and they looked brand new. This pump was worked on in October 2020. Returned the pump to Station and had customer run two sinks and the tub. Cycled the pump from alarm and it operates properly at 5.8 amps. Job complete | | |
