		Repair DH462795 CADES 420 East Rose Tree Rd Media PA Date of service 4/19/22 Technician John Simons Arrived on site to find panel indicating normal but station was flooded and had been running down the hill for several months due to the grass being severely green. Found that the pump EQD was disconnected from the supply cable. Removed both inserts and dried the wires and installed new inserts. Also found that the printed circuit board was burnt on the alarm circuit. Replaced the printed circuit board. Tested pump and the station pumped down out of Alarm and the pump cycled and shut off. Performed meter testing And all readings are correct. Job complete
