		Repair DH429473 1835 North Providence Road Media, PA 19063  Service date 8/1/22 Technician John Simons  Arrived on site to find panel indicating an alarm but there was no audible. The pump normal light was on but the pump running light was not. Perform meter check in found shorts on L1,L2 and manual from ground. Removed the lid to Station and found that the dry access was flooded. Removed DH429473 from station. Inspected the switchers and found that they were corroded. Remove control cover and found that the capacitor had leaked. Performed Meg test on motor, checked the stator and cutter wheel and they were all good. Replaced both switches and control clip. Returned the pump to station and tested from Alarm. The alarm panel went into alarm but the audible did not work. Replaced the buzzer in panel. Retested the alarm and it sounds properly. The alarm reset and the pump cycled and shut off. Job complete
