		Replace DH433186 with new twp pump DH921722 860 Crum Creek Rd Date of service 12/16/24 Technician Sebastian Gonzalez  Arrived on site to find panel in alarm. Performed meter readings meter readings and all readings were bad excepts switches voltage to pump and panel. Switches to pump were giving off high numbers and I wasn't getting any amp draws which indicated that pumps contact coil was burnt out. I opened lid to station and saw that station was flooded. I pulled pump DH433186 and saw that pump was from 04/2012 I went to upper Prov shed to grab customer a new core #DH00921722. I put new core into station and ran pump to alarm. I also had customer run water so I can run pump back into alarm and both times pump pumped everything down correctly. Performed my last meter readings and all readings were good.  Job completed.		
1	Service/Ins	Service Call & Inspection Fee	170.00	170.00
1	Labor-SGon	Labor rate for Sebastian	130.00	130.00
