		Replace DH429427 with new twp pump DH896347 William Brazill (Upper Prov) 143 Foxcatcher Ln Media, Pennsylvania 19063-1103 Date of service 7/1/24 Technician Sebastian Gonzalez Arrived on site to find panel in alarm. Performed meter readings and only thing that was good was voltage to pump and panel. I was getting floating numbers on switches and contact coil. I also noticed that pump #DH429427 was 12 years old 01/2012. I went to upper Prov shed to grab customer new core #DH00896347. As I was pulling out old pump I noticed station was filled with grease and I recommended to the customer that he needed a pump truck. Called Hickman/Ross and informed him that I would be taking the old pump and leaving him the new one so he could put new core into station. Job complete.
