1	Service/Ins	Replace DH429455 with new Twp pump DH896329 Dan Demers 1512 Old Orchard Rd Media Pa 19063 Date of service 7/8/24 Technician John Simons Arrived on site to find panel not in alarm. Performed meter test and all readings were correct. Manually operated the Pump and it runs at 6.3 amps. Spoke with the customer and he stated that they have had several alarms and the last one indicated overpressure but cleared. Removed DH429455 from the station and the station was clean. Due to the age of the pump and the previous history determined that a new Township core would be installed. Retrieved a new Township core from the shed. Returned to site and installed DH00896329. Filled the station until the alarm sounded. Once the alarm came on, turned on the pump breakers and the Pump turned on and operates at 6.2 amps. Once the alarm cleared the pump finished its cycle and shut off. Job complete. Service Call & Inspection Fee	170.00	170.00

All material remains the property of Site Specific Design until final payment.
