		Fumiya Batta (Upper Prov) 293 E Rose Tree Rd Media, Pennsylvania 19063-1125 Date of service 7/1/25 Technician Sebastian Gonzalez Arrived on site to find panel in alarm. And panel was reading brownout. Pump was running on 120v and doesn't have the 240v to kick on pump. I was informed by realtor that there was an electrician out here yesterday working inside main breaker. Called Mr Matson and informed him about the situation and he said to install new core due to old pump being from 07/2014 old core is DH442996 replaced with new core DH00949071. Wasn't able to test pump to any cycle due to insufficient power. Mr Matson will be back on site tomorrow to make sure everything is working properly again. Per Ant this is a no charge
