		Replace DH433779 with new twp pump DH00903385 Joseph Ciro (Upper Prov) 7 Pennsford Ln Media, Pennsylvania 19063-2051 Date of service 8/1/24 Technician Sebastian Gonzalez Arrived on site to find panel in alarm. Performed meter readings and all readings were good except switches. And amps were running on at 4.2. I opened lid to station to see the station was not flooded but did have grease in station. I pulled pump #DH433779 out from station and saw that pump was from 5/2011. I went to upper Prov shed to grab customer new pump. I called Hickman to see if they were available to pump out station but Ross said he's unable to come out today but will be at site in the morning/afternoon. Once I put new pump into station I ran pump to alarm and performed my last meter checks and everything was good. Job completed
